Remarks
Strictly PPR by telephone. Visiting ACFT are limited, permission may be denied. Visiting ACFT should park at either end of strip on hard surface. Other parts of AD are not suitable for ACFT use. AD located on SW portion of the last 8th AF base to be operational during WW2. Home of the 493rd BG, Helton's Hellcats, (B17's). WW2 Watch Office and other buildings have been restored to original condition. There is an annual open day, (Sun.12th June 2005 with a dance on Sat 11th. Camping available on W/E of open day). Access is not normally available on other days.

Warnings
 30ft power lines run close to Rwy24 final but do not cross APP. Crops grown up to Rwy edges. Model ACFT use AD at weekends & PH. The 'two tone' cut on the strip at the W end is the model ACFT operating area. Monewden AD 1nm to N. National grid transmission lines cross extreme SE corner of WW2 airfield but should not affect normal circuit.
Noise: Please avoid flying over all local houses.
